TRIP NO. 2 [5 days]

NO MEN, NO LIMITS - WOMEN AND KRAKOW

For this trip we invite exclusively woman.

Women. Open minds, wide horizons. Fantasy and creativity. And that's how your holiday should be as well – full of surprises and positive energy. Unique.

All-women meetings to share our thoughts, knowledge and experience. Best pubs with live music, cookery workshop, unusual and exciting sightseeing tours, Polish survival course...

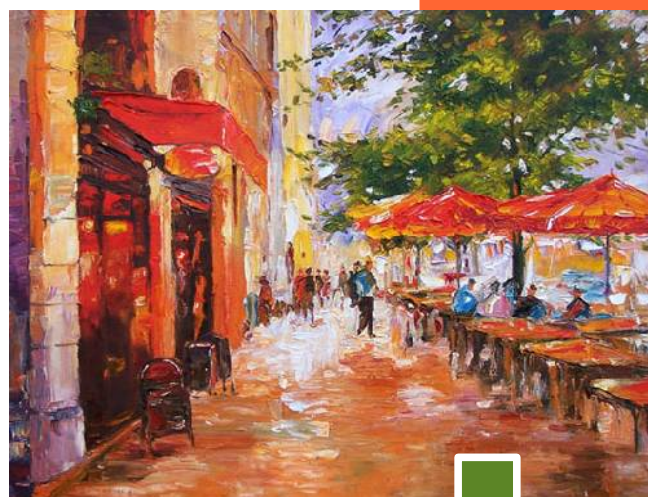

This and much more is waiting for our ladies.

1. On the programme:

► **Feminine Krakow**

A walk around the fragrant, lyrical and artistic Krakow

A truly feminine perspective will let you explore the less known aspects of the city's history. The walk is also a unique opportunity to visit the most interesting places in Krakow, not normally shown to tourists, and get to know fascinating people who influence the image and the cultural life of the city nowadays.

► Krakow knows, what you like

An unusual and unforgettable day

It's time for Fun and Fantasy.

You will meet:

- the funny **Forest Spirit** in the Secret Garden
- the inspiring Tomek with scissors and a sense of humour
- the original clothes and jewellery in a studio of a befriended artist
- the mysterious orange "Lomi lomi lui"

All this to enable you to get the most of your free time and recharge your batteries.

► Let's cook up something Polish

Culinary workshop

What is Poles' favourite food and how to make it?
Are *uszka* little *uszy* (ears) and *gołąbki* little *gołębie* (pigeons)?
We serve more than just knowledge of the Polish cuisine.

Take the taste of Poland back to your homes! Our workshop is above all a great dinner party where we enjoy the food we've prepared together. Delicious traditional dishes coupled with good music and positive atmosphere.

► Dating Krakow by night

In Krakow sleeping is a waste of time...

The old streets are full of young energy, the pubs are filled with live music and in the Main Square the famous fortune-teller Dziadzianna is laying her cards...

No other city in Poland has such a rich night life as Krakow. We'll take you to places worth visiting, where they play the best jazz concerts and serve the most tasty drinks.

► And a Polish lesson so that you know how to...

- chat with a handsome bartender,
- understand Dziadzianna's prophecies,
- react when you hear "bileciki do kontroli",
- rent a bike in Krakow – by yourself.
